

ABOUT GRI NSS CELL

A team of dedicated disciples and contemporaries of Mahatma Gandhi, Dr. T. S. Soundaram and Dr. G. Ramachandran, established The Gandhigram Rural Institution in 1947. The Gandhigram Rural Institute was created to promote rural development. Today, it has become a nationally and internationally recognized university for its contribution to rural higher education.

The NSS (National Service Scheme) Cell in the Gandhigram Rural Institute (Deemed to be University) was started in the academic year 1979-1980. It has organized several programmes to tune the personality of the student volunteers to make them responsible for rural development. The unique feature of NSS in GRI is that all the students studying Diploma, Undergraduate, and Postgraduate (except for one-year programmes) are NSS volunteers. There are 19 NSS units in the GRI NSS Cell. Shramadhan, tree plantation on campus and in the adopted villages and blood donation to the people admitted to the Kasturba Hospital, Gandhigram and Government Hospital, Dindigul are regular features. Other important Regular Programmes organized from April 2023 to March 2024 were the celebrations and observations of the days of National importance (NSS day, International yoga day, unity day, Swachhata Pahkawada, Quit India Movement, etc.), personality development programmes for volunteers, rally on social issues, training programmes on disaster management, skill development programmes, implementation of Swachh Bharat Mission in GRI, Youth employment skills development programme and awareness programmes on dengue prevention etc.

The NSS Cell of GRI has conducted 13 Special Camps during the year 2023-2024. These camps were conducted in the UBA villages of GRI. The detailed list of activities carried out under Regular Programme and Special Camps during the academic year 2023-2024 is presented in this consolidated report.
